

ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF CANADIAN NIAGARA POWER INC.

Canadian Niagara Power Inc. has applied to change its electricity distribution rates.

Learn more. Have your say.

Canadian Niagara Power Inc. has applied to the Ontario Energy Board to decrease the amount it charges each month for the typical residential customer beginning on January 1, 2015 by approximately:

- \$1.39 in the Fort Erie Service area,
- \$1.95 in the Eastern Ontario Power service area, and
- \$2.61 in the Port Colborne service area.

Other customers, including businesses, may be affected as well.

The rate change is a decrease because certain temporary charges are scheduled to end at the same time as Canadian Niagara Power is requesting a formulaic rate adjustment tied to inflation and other factors.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Canadian Niagara Power's request. We will determine whether Canadian Niagara Power has used the applicable models and formulas as required by the OEB. At the end of this hearing, the OEB will decide on the appropriate rate changes.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

The OEB intends to consider cost awards in this proceeding that are in accordance with the *Practice Direction on Cost Awards* and are in relation to Canadian Niagara Power's request for disposition of the balance in its variance account caused by the difference between the actual revenue impacts of conservation programs relative to what was anticipated.
